Overview of JFS standards

Three Basic Factors for Food Safety
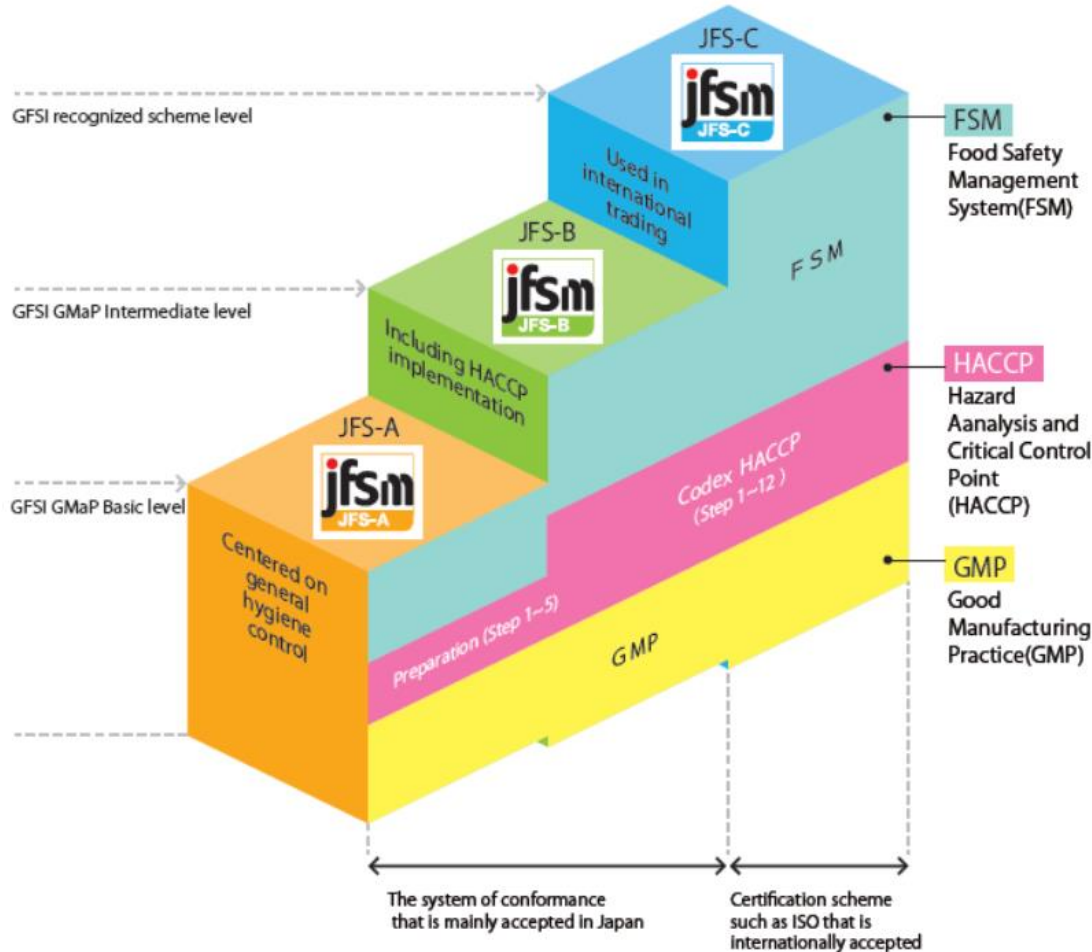

jfsm

Food Safety Management System (FSMS)

Hazard Analysis and Critical Control Point (HACCP)

Good Manufacturing Practice (GMP)

Feature of JFS Scheme and Program

jfsm

GFSI recognized scheme level

JFS-C

jfsm JFS-C

Used in international trading

GFSI GMaP Intermediate level

JFS-B

jfsm JFS-B

Including HACCP implementation

GFSI GMaP Basic level

JFS-A

jfsm JFS-A

Centered on general hygiene control

Preparation (Step 1~5)

Codex HACCP (Step 1~12)

FSM

GMP

FSM
Food Safety Management System(FSM)

HACCP
Hazard Aanalysis and Critical Control Point (HACCP)

GMP
Good Manufacturing Practice(GMP)

The system of conformance that is mainly accepted in Japan

Certification scheme such as ISO that is internationally accepted

GFSI

A subcommittee of the Consumer Goods Forum (CGF), the largest industrial association for consumer goods companies in the world, focused on the topic of food safety

GMaP

Step-by-step program for small to medium companies seeking to acquire GFSI-approved certification

For small and medium enterprises (SMEs) to build food safety management system step-wisely
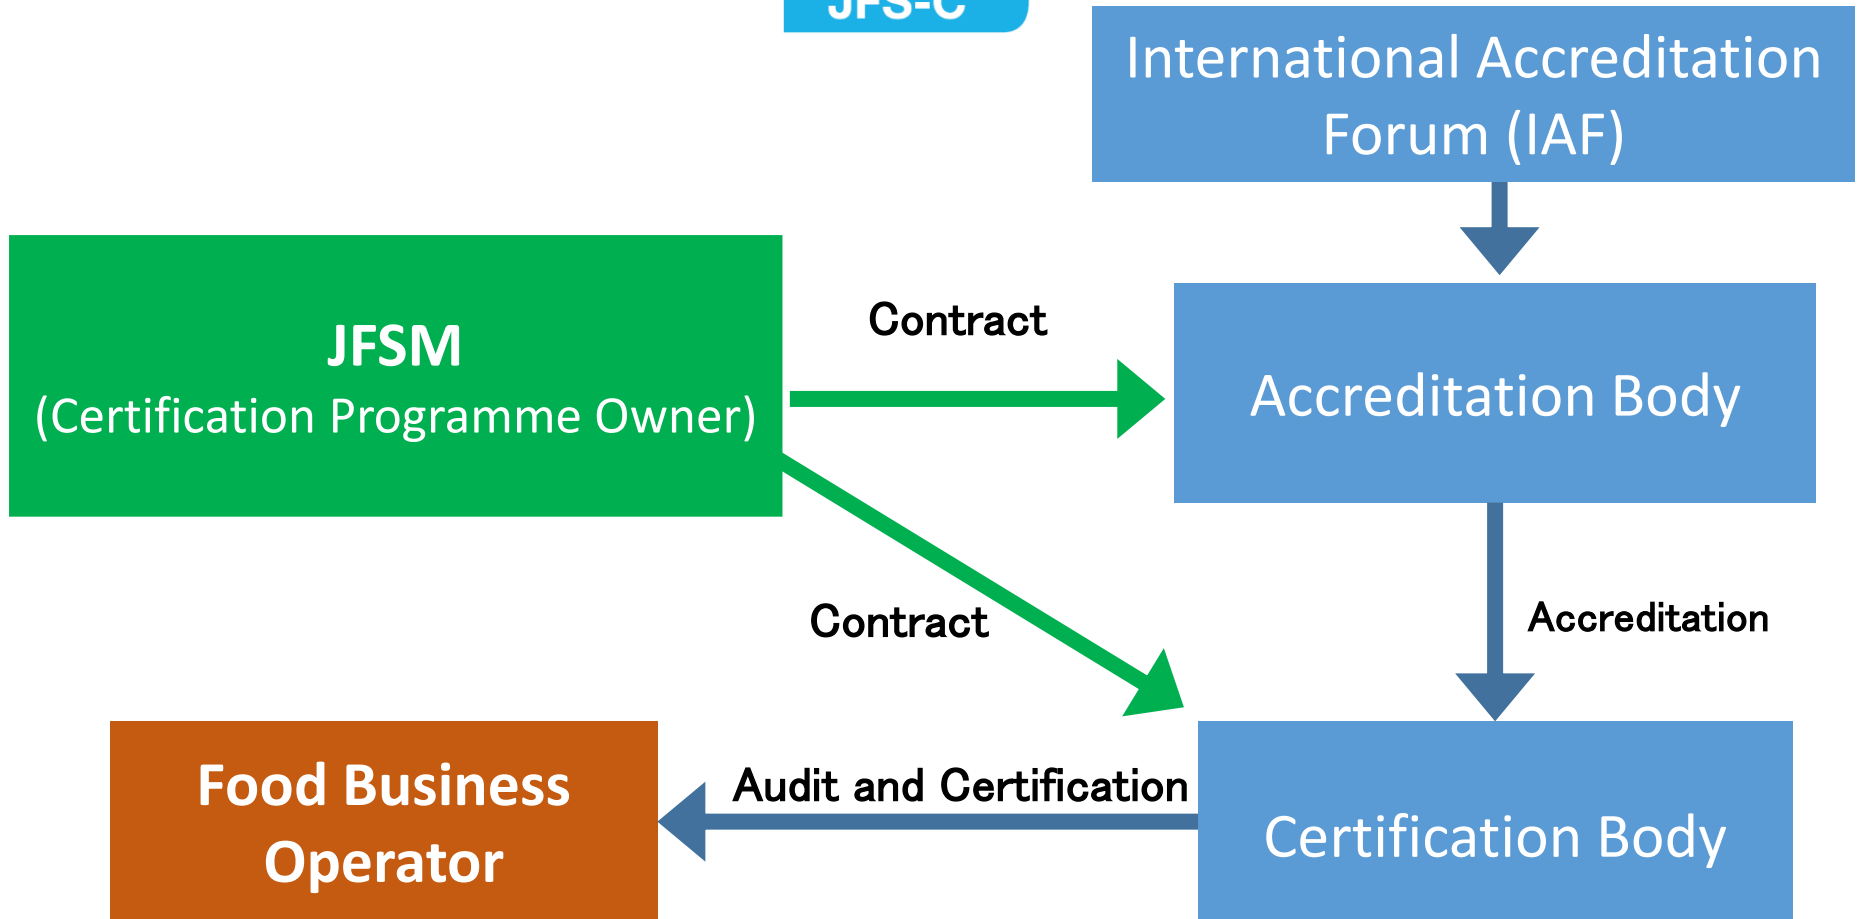

Scope for Certification / Assessment

Scopes for certification (JFS-C) and conformity assessment (JFS-A/B) are as follows:

Code	Sector
EI	Processing of Animal Perishable Products
EII	Processing of Plant Perishable Products
EIII	Processing of Animal and Plant Perishable Products (Mixed Products)
EIV	Processing of Ambient Stable Products
L	Production of (Bio) Chemicals (Additives, Vitamins, Minerals, Bio-cultures, Flavourings, Enzymes and Processing Aids)

Systems of JFS Scheme and Program

JFS Program and Scheme

- **The JFS-A** (conformity assessment program)
  target: SMEs
  benefit: to implement basic requirements for food
    safety such as GMP.

- **The JFS-B** (conformity assessment program)
  target: SMEs
  benefit: to carry out Codex HACCP system.

- **The JFS-C** (certification scheme)
  target: all FBOs conducting global transactions
  benefit: to conform all requirements including FSMS
    aligned with the internationally-recognized
    food safety standards.

JFS-C Scheme
