## ABOUT JFS STANDARDS

### Step-by-Step Approach

A simple structure based on GMP, HACCP, and FSM, allowing businesses to progress from basic hygiene toward internationally recognized certification (GFSI).

### Practical & Easy to Apply

Designed to be clear, easy to implement on-site, and suitable for real food business operations.

### Japanese Practices for Stronger Food Safety Culture

Incorporates Japanese approaches such as 5S and Kaizen, helping organizations strengthen food safety culture and build customer trust.

### Supports Export Growth

Helps prepare for business opportunities in Japan and global markets
